## **Dr. Gerry Sutton dead at age 92**

Valley people born in Ormstown's Barrie Memorial Hospital between the late 1940s and the late 1970s stand a good chance of having been brought into the world by Dr. Gerald Sutton, beloved obstetrician and family doctor who died September 30 in Pembroke Ont. at the age of 92.

"He always had a big grin on his face, and there was a kind of a party atmosphere in the delivery room," recalled longtime colleague Dr. Marian Kelen this week in Ormstown. "He would get to his long string of telephone messages at the end of the working day, and sometimes he would fall asleep in the middle of a call, but nobody minded.

"He was a most beloved doctor, who always saw the funny side of things and was full of merriment."

Dr. Sutton came to Ormstown shortly after World War II after serving in the Air Force and taking pediatric training in Montreal, and worked at the Barrie "long past normal retirement age," said Dr. Kelen. He retired to Pembroke with his wife Helen, but always kept in touch with friends here.

Funeral services were held Wednesday in Pembroke, and burial will be in St. James' Anglican Cemetery, Ormstown.
